

Project UPLIFT, a program of the City of Raleigh's Project LIFT, provides technical assistance and advanced organizational and leadership training to nonprofit organizations who could benefit from additional human resource capital. The application process is selective and preference is given to organizations that demonstrate high needs, have an annual budget less than \$300,000 and provide direct services to low-income and/or unemployed residents in the City of Raleigh. Only nonprofit organizations within the corporate City limits of Raleigh are eligible to apply. Project UPLIFT will run from January 2011 to July 2011.

**Project UPLIFT is valued in excess of \$5,000.**

**Selected organizations will benefit from the following:**

- Monthly technical assistance from an established nonprofit organization in Raleigh.
- Monthly technical assistance from the City of Raleigh AmeriCorps Volunteer
- Participation in the BCBSNC Healthy Communities Institute (HCI). HCI is a two-day intensive organizational and leadership development conference, held in New Bern, NC (April 27-28, 2011).
- Participation in a BCBSNC 5 Good Ideas leadership development training.
- Web Design and Social Media training from Bus 23, a local social media consulting firm in Raleigh.
- Technical Assistance from the NCSU Short-term Experiential Partnership (STEP) Program to design and implement a student internship program for your organization.
